Ninja Jump

Game Overview

Ninja Jump is a simple 2D platformer game made with Unity. The player controls a ninja who jumps across platforms, avoids dangers, and defeats dragons. The goal of the game is to survive as long as possible and reach greater distances by mastering movement and timing.

Controls

- A / D — Move left and right
- Space — Jump and attack

Combat

- Jump and attack to defeat dragons.
- If you hit a dragon without attacking, you will die.
- Your score is based on the distance you jump.
